Schedule of Fees and Charges 2024 – 2025

Pricing Policy

In determining the appropriate fees to be charged for Council services and facilities in 2024-2025, the basic principle applied was that charges should be considered fair and equitable to the general community. Individual members of the community should not be precluded from essential services because of economic circumstances.

The range of services provided by Council to the community is diverse and require different considerations when determining the associated fee or charge. The level of the fee or charge was determined having regard to the following categories (which have been included in this document next to the relevant fee or charge):

Code	Description
A	Economic Cost Total cost of providing services for private good.
B	Community Service Services considered to have a level of benefit to the community. Generally benefits are not solely confined to users. Partially funded by rates.
C	Regulated Charges Federal or State Government set charges.
D	User Pays Principal Services under this category are such that individual costs can be determined and met by the user of the service.
E	Market Forces Services that Council operates in a competitive market and needs to fix charges similar to other providers.
F	Cost Plus Services provided on a commercial basis with an amount of risk profit included.
G	Developer Contributions - Section 7.11, Section 7.12 & Development Servicing Plans (DSP) Charges are determined in accordance with Council's adopted plans. Charges are indexed quarterly in line with movements in the Consumer Price Index (All Groups, Sydney). Current charges are available from Council's website.

Schedule of Fees and Charges 2024 – 2025

Goods and Services Tax

Introduction

The Goods and Services Tax (GST) passed through legislation on 30 June 1999 and received Royal Assent on the 8 July 1999. The introduction of the Goods and Services Tax meant that certain fees and charges levied by Port Macquarie - Hastings Council attract GST.

Transparency

Council has gone to great lengths to ensure it has been totally transparent in reporting the applicability of the GST to its fees and charges. This document has been set out in such a way so that you, as the user, will know exactly where the GST applies to fees and charges. Three columns in particular within this document relate to GST:

- **Charge (excl. GST):** This is the actual fee or charge without GST applied to it.
- **GST:** If GST is applicable, this column will show the value of the GST to be applied (**for one unit**) and is rounded to the nearest cent. If we are unable to determine the cost of a good or service at the time of printing (eg the cost may vary during the year), "calculate" will appear in the fee line and GST will be calculated once the fee is known. If the column is blank yet the Fee Amount field contains a fee, it indicates GST is not applicable.
- **Charge (incl. GST):** This column should only be used for indicative purposes only (refer to "GST Calculations" below). The column displays the Total Charge **for one unit** with GST included.

GST Calculations

In most cases Council has been able to calculate the GST charge and report it as a dollar figure. This amount is based on one unit. For example, the charge for a copy of a Deposited Plan is \$20.00, with GST of \$2.00, bringing the Charge incl GST to \$22.00.

If Council was unable to calculate the unit charge at the time of printing, the word "calculate" will be shown in the fee line. In this case, GST will be calculated once the Fee Amount is known.

GST Amendments

While the fee amount in this document will not alter without a resolution of Council, followed by a subsequent period on public exhibition, the applicability of the GST to the fees and charges may, depending on the interpretations and rulings as the GST legislation evolves.

A concession sticker or annual pass is required to purchase all concession booklets, concession weekly tickets and concession monthly tickets.

Weekly Tickets are issued for the week from Monday to Sunday, monthly tickets are issued for the calendar month and pre-paid concession booklets have no expiry date (they will only become invalid should the ticketing system be altered).

A concession sticker must be affixed to the vehicle using a pre-paid single trip concession ticket. A concession sticker is not required on a vehicle when using a weekly or monthly ticket. Weekly and monthly tickets are transferrable. Concession single trips can only be made using pre-paid tickets from the booklet - single trip tickets will only be available for purchase at the standard full fare rate.

Annual passes and concession stickers will only be available for purchase from Council.

All other tickets including pre-paid concession ticket booklets are to be purchased from the ferry operator. Weekly and monthly tickets do not cover the cost of a caravan or trailer (including dog-trailer). An additional cost is payable for the caravan or trailer - for concession holders this will be the use of 1 pre-paid ticket.

Concession travelers will hand the ferry operator the required number of pre-paid tickets when boarding the ferry for each single trip. The number of tickets required for each class of vehicle for a single trip is as follows:

- Car single trip = 1 ticket
- Motorcycle single trip = ½ ticket
- Trucks > 4t GVM (approx. 2 ton payload) = 3 tickets
- Semi-trailers, Dog-trailers, articulated vehicles and the like = 4 tickets
- Caravan / Trailer is an additional cost = 1 ticket

Charitable not for profit organisations who undertake charitable work on the North Shore are eligible to apply for 1 annual pass to be affixed to a nominated vehicle. Application is to be made in writing to the Group Manager Infrastructure Operations for consideration - specific information relating to the charity, its registration as a not for profit organisation and the type of work undertaken will be required.

Appendix 9 – Council Facilities / Halls

Explanation of Fee Categories:

- **Commercial & Other** – includes activities staged by individuals, groups, organisations that *are not* incorporated under the *Associated Incorporations Act NSW (2009)* where revenue generated by use of the building goes back to these individuals, groups, organisations. This rate enables Council to take a full cost recovery approach to this use. Example – Local dance school.
- **Private Functions** – includes activities that have admission restricted to an identifiable group. Example – Birthday Party, Wedding Reception. This rate recognises that no financial gain will be gained from activity and that significant discount is applied.
- **Not for Profit Rate** – includes activities provided by community groups, clubs and organisations for the physical, social, cultural, intellectual development or welfare of the local community. Organisations eligible for this rate should be incorporated under the *Associated Incorporations Act NSW (2009)*. This rate recognises the benefit these activities provide to the community and therefore a major discount applies, while allowing users to make a contribution to the cost facility. E.g. Local Quilting Group.
- **General Bonds – Refundable** – Please note that refunds will only be granted if the hall, room, key or equipment is returned in good and clean condition. Council or the Management Committee / Booking Officer has the rights to deduct appropriate recovery costs.
- **Alcohol Bond – Refundable** – Please note that refunds will only be granted if the hall, room, key or equipment is returned in good and clean condition. Council or the Management Committee / Booking Officer has the rights to deduct appropriate recovery costs. It is the responsibility of the hirer to obtain the necessary approvals from Police to undertake an event involving alcohol. Refer to hire conditions for each of the facilities.
